

PoE injector

Feature:

- 1.100M Single Port PoE Injector - IEEE 802.3af
- 2.10/100 Mbps RJ45 ports
- 3.Supply power to millions HD webcam through Cat5 Ethernet cable
- 4.Compatible with IEEE802.3af standard
- 5.Single port power: 15.4W
- 6.Support network port, the power input port features lightning-proof (meet the secondary lightning protection)
- 7.No fans, natural cooling, small and exquisite, no noise design, suitable for desktop or wall

Specification:

Product Name	100M Single Port PoE Injector - IEEE 802.3af
Product Model	PSEINJECTOR
Port Type	10/100M copper cable RJ45 ports +1x AC female jack(AC input)
Network Medium	100BASE-TX: Cat5 or more UTP (≤100 meters)
PoE Port Power	Single port PoE power(15.4W)
PoE Standard	IEEE 802.3af
PoE Cable Core	4/5+, 7/8-line pair
PoE Total Power	16W
Working Environment	Working temperature: 0°~ 55°C , Storage temperature: -20°~ 75°C
Radiation	CE mark,commercial,FCC Part 15 Class B, RoHS
LED Indicator	PoE, working status

Dimension/Weight	Dimension(LxWxH): 150x56x45(mm) , Weight: 0.16KG
Warranty	1 year warranty
Package List	PoE Injector, User Guide

- 1. Power LED Indicators (Green)
- 2. PoE LED Indicators (Yellow)
- 3. RJ-45 Output Port
- 4. RJ-45 Input Port

- 5. Interlocking Feature
- 6. Panel Mounted Male Connector
- 7. Interlocking Feature
- 8. Wall-Mountable
