

Product parameters	
Product Photo	
Model	PNS-VCAT
Sensor	1/4"1.0 pixels CMOS
Camera lens	3.6mm standard lens, optional fixed aperture
Resolution	720P (1280*720) can be adjusted, double stream
Pan/Tilt Angle	Level:355° Tilt: 120°
Processor	HI3518E
Sensitivity	0.5Lux
Infrared night vision	Maximum support 10 meters, automatic control through the photosensitive resist
Compression format	H.264 double stream
Video frame rate	0-30Frame
Video stream	16Kbps~4Mbps
System interface	Audio output interface 10Base-T/100Base-TX Ethernet interface
Video parameters	Saturation, brightness, contrast, sharpness and adjustable
Audio format	G.726
Support protocol	TCP/IP、UDP/IP、SMTP、DHCP、UPNP、NTP、PPPOE
wifi	IEEE 802.11b/g/n
Image rotation	Mirror image
IRCUT	Built in double filter automatic switching
Video control	Support
speech	Support
Mobile detection	Support
Call the police	Send information to the alarm server to the mobile phone
Storage	64G TF memory card
Reset	System intelligent self repair function
Audio channel	Built in MIC, speaker
Power Supply	DC 5V 2A
Power waste	<5W
Working temperature	—10℃~ 55℃
Working humidity	10% ~ 80% no condensation
